

# ENSM

ÉCOLE NATIONALE SUPÉRIEURE MARITIME

## Wednesday 10 October 2018

- from 8.00am to 6.00pm
- ENSM,  
10, quai Frissard, Le Havre  
[www.supmaritime.fr/en](http://www.supmaritime.fr/en)
- Opening speech by Patrice LAPORTE, Managing Director, on ENSM's responses to the needs of the economy players

## ENSM'S CAREER FAIR

The merchant navy dual-purpose officers, future engineer-level seafarers and the future engineers in marine engineering, are proud to invite you to the 2018 Business Forum, organised at the French Maritime Academy, ENSM's head-office in Le Havre.

### WHY THIS FORUM ?

The 2018 merchant navy first class officer cohort who will, in December, graduate and obtain their unlimited Captain and Chief Engineer diplomas as well as the ENSM Engineer-level title, would like to meet their future employers and get them to discover training tools unique in Europe.

### THE OBJECTIVES

- Organizing a labour market and enabling the recruitment of dual purpose officers with an engineer-level diploma
- Enabling exchanges between students and professionals
- Emphasising the students work for the benefit of companies: dissertations and internships
- Enhancing exchanges between professionals, from shipowners to startups.

### THREE ENGINEER TITLES

- 1,200 students attending 20 courses
- 3,000 trainees enrolled in 55 training courses
- STCW courses in safety and ship operations, ice navigation, dynamic positioning, human factors management...

## Engineer-level Seafarers

- Full training in Maths, Physics, Thermodynamics and Mechanics of the fluids
- Lectures in navigation, ship machinery operations and maintenance
- Unlimited engine and deck officer prerogatives after 12 months of navigation time as a cadet
- Raising awareness on regulations : international conventions, professional organisations recommendations ; regulations related to the building, inspection and dismantling of vessels
- Lectures in international trade and management

## FREE BOOTHS

**The French Maritime Academy (ENSM) provides the necessary equipment to present your company and meet the last year of studies :**

- Individual booths in the entry hall with tables and chairs, WIFI access, power supply
- Function room for interviews.
- Pleasant environment and dedicated team to the success of the event
- Marine buffet: registration before 2 October 2018
- Cocktail at 6.30pm, with the participants to the next day conference "Trafficking and crimes at sea"

## Navigation

- Mandatory navigation time right from the first year for periods ranging from 2 to 3 months on >500 UMS vessels each year, deck and engine
- >6 months navigation time as a trainee before the delivery of the dual purpose watchkeeping officer certificate
- For the students with more navigation time, a first professional experience carried out during their studies
- Diverse navigation experiences
